A number of new standards, amendments to standards and interpretations are effective for annual periods beginning on or after 1 January 2017; however, the Group has not applied following new standards, amendments to standards and interpretations in preparing this condensed consolidated interim financial information:

#### • IFRS 15 Revenue from Contracts with Customers

IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. IFRS 15 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

Notes to the condensed consolidated interim financial information (continued)

# 4. New standards, amendments to standards and interpretations issued but not adopted (continued)

#### • IFRS 16 Leases

IFRS 16, published in January 2016 replaces the previous guidance in IAS 17 Leases. Under this revised guidance, leases will be brought onto the lessee's statement of financial position, increasing the visibility of their assets and liabilities. It further removes the classification of leases as either operating leases or finance leases treating all leases as finance leases from the perspective of the lessee, thereby eliminating the requirement for lease classification test. The revised guidance has an increased focus on who controls the asset and may change which contracts are leases.

IFRS 16 is effective for annual periods beginning on or after 1 January 2019. Early adoption is permitted provided IFRS 15 Revenue from Contract with Customers is also early applied by the Group.

The above standards, amendments to standards and interpretations are currently being assessed by the management of the Group to determine any material impact on the Group's financial statements.
