ESG matters are important consideration in how we do business, including our corporate governance systems that runs at every level in the organization, risk management and methodology to serve customers and support for local communities. Our main driver is the sustainability and efficiency embedded in the culture and management of the airline. Equally important, we believe that the core items that are critical of our ESG approach are practiced across the organization through efficient operations and environment friendly practices. For Air Arabia, this means we are leveraging our business and policy expertise, and presence to help drive an inclusive recovery, expand, and accelerate sustainability. Please review Air Arabia’s ESG report for more information.
